

The SGD Report

Volume VI

Special CAT edition

These are not the annoying relatives bound to drop in at the most inopportune moment.

“Alex, Bonnie, Colin, Danielle, Earl, Fiona, Gaston, Hermine, Igor, Julia, Karl, Lisa, Matthew, Nicole, Otto, Paula, Richard, Shary, Tomas, Virginie, Walter”

Though if any of them do visit it will not be pleasant and is bound to be destructive and wet. These are the names of the 2010 Hurricanes.

Our CAT team will handle your commercial and residential losses, large and small. They are knowledgeable in ISO and manuscript policies. The **SGD** management team reviews the report before you ever see it. It is our goal to be sure you have the information you need to make a coverage and claims decision, the first time around.

Claims are managed by an experienced on-site CAT Manager who has overseen settlement of a combined 7,500+ claims for Earthquake, Fire and Hurricane losses.

SGD will be there to investigate, estimate and adjust your most difficult, large and complex losses. Of course, an easy or small loss is welcome too!

Our staff can also adjust your Inland Marine (Not just boats that find themselves suddenly inland) and all truck and cargo losses related to the Catastrophe.

Please contact us to discuss tailoring a CAT Response plan to meet your anticipated needs.
